Since the first years 90s, **Gianni Coletti** has become immediately famous as one of the most appreciated DJs in the house music panorama and not only in Triveneto. At once he stands out in reference spots like **Area City** (Mestre), **Zangola** (Madonna di Campiglio), **Muretto** (Jesolo), up to crossing the frontiers to **Slovenia** and **Croatia** (Ambasad Gavioli), and getting to **Pacha** of **Sharm el Sheikh** and to **Xueno** in **Formentera**.

But he is mostly famous as a Producer. Besides a very long list of collaborations and remixing with international top artists from **Sophie Ellis Bextor** to **Ultra Natè** and **Afrika Bambaataa**, Gianni is the producer of the fabulous hit "**Gimme Fantasy**": a perfect matching between Latin house and Gospel Choirs. When "Gimme Fantasy" is issued, in 2002, it stands out as the winter hit so it becomes the tune of top TV programmes like "**Le Iene**" and "**Striscia La Notizia**" and it appears in "**Top of the Pops**" and "Tv Moda".

Gianni's mix show has been for years among the most attended in Italy, also broadcast first by **Radio Italia Network**, and then by **Radio DeeJay** and **M2O** while today is sometimes on **Radio 105** and **Radio Kiss Kiss**.

His performance is well known as a true joy for ears: a DJ set full of energy and music, which the female public particularly likes.

The set, made precious by the simultaneous use of three CD players, brings the most modern sounds to blend with the appeal of history of house music, in which Gianni is a skillful master.
